

To Homeowners who care,

This letter does not pertain to everyone but I am sending it to everyone because I am not the only one who feels this way. I was out for a walk thru our subdivision and cannot believe how some people don't care about their property. We have boats and cars parked in yards and vehicle that sit on the street and are rarely moved. I seen weed growing up against peoples houses, purple rocks in a yard with no trespassing signs, "I feel like I'm back down on the farm". In the summer people who do not mow for weeks and some who leave their grass clippings in the street, people like this need to live in the country!!! Don't you realize that this decreases our PROPERTY VALUE!!!!!! I know this is not Ladue but we don't need to make it an eye sore. Lets take pride in our subdivision and make it a place where people want to live, IF NOT MOVE ON!!!!!

From multiple Homeowners who care.
